Long-Range Development Plan - Update

1. Chancellor's Taskforce is developing a “Scope of Services Plan” to be submitted to UHCC by January 1, 2008 for their input and in the selection of planning and consulting firm.
2. Time to develop the campus planning committee. My proposal is:
 - a) A single planning committee address both strategic and long-range planning.
 - b) Committee members would represent all academic programs and AES units that have tactical plans, plus representatives from governance bodies.
 - c) Committee would hold open forums on both plans to gather wider campus input.
 - d) Committee would report to PPAC.
