Subject: Recommendation of KCC Strategic Plan

Aloha Bob,

The ASKCC Student Congress submits its recommendation to **APPROVE** the KCC Strategic Plan 2008 – 2015 with reservation to the following languages in:

1. Strategic Outcome A3D – Comment: What is the goal of the “pathway academies,” and can the services and programs offered in the Kahikoluamea be tied to report the progress of students by department and program?
2. Strategic Outcome D8 – Comment: The College has reached its maximum capacity in terms of space and resources and should be reserved for enrollment increase in Native Hawaiian students and other Hawai'i residents especially to the under-served demographic.

Mahalo nui loa!
