

ALOHA

RECOGNIZE THE 2006 ACCREDITATION SELF STUDY TEAM – GOLD MEDAL, 11 COMMENDATIONS, 3 RECOMMENDATIONS.

- 1) To more fully integrate planning, the college must:
 - Define the role of the institutional research office in planning processes and use data as the basis for institutional planning. (Standard IB.6)
 - Refine the objectives in the college's tactical and strategic plans so they are measurable, have obtainable benchmarks and assessment methods, inform the allocation of resources, and then regularly assess progress and use the results for improvement. (Standards IB.2, IB.3)
 - Evaluate the college's planning processes using a self reflective dialogue that leads to improvement. (Standards IB.6, IB.7)

So in spring 2008, we set out to address this recommendation as we updated our Institutional Strategic Plan for 2008-2015.

Now I'd like to have all the faculty and staff who participated in the spring planning work stand up.

Wave your hand.

Current drafts of the SP, through mid-July, are posted at the laulima.edu website and drafts will be available at this website in September and October as we make revisions. In November, we hope to take a final draft to the governing bodies of the campus, that is, the Faculty Senate, Staff Council, and Student Congress, as well as the campus representatives to the UH Pukoa Council.
