Biennium Budget Preparation

- State revenues are down significantly
- Focus on re-purposing rather than getting new State dollars
- Tuition rates are set until 2012
- Significant concern over the condition of UH facilities
Biennium Budget Preparation

State operating ask will focus on:

- Collective bargaining
- Cost of living adjustment, including utility costs
- No more than 3 program change requests per campus with UH System total not to exceed $10M
- Program change requests should be focused on achieving improvements in strategic outcomes
- Dollar amounts of requests recommended to BOR will be based on merit (not “apportioned” to campuses based on current proportion of operating budget)
Biennium Budget Preparation

State CIP ask will focus on:

- Repairs, renewal, and replacement
- Reducing deferred maintenance backlog
- Equipment replacement
- No new buildings for two years
Biennium Budget Preparation

Review Process

- Biennium Budget Advisory Committee (representing UH constituencies) reviews and provides recommendations to President
- President submits recommendation of requests and dollar amounts to BOR

Timeline (Draft)

- April 2008 – Stocktaking
- August 2008 – Preliminary recommendations to BOR
- September 2008 – Formal presentation and approval by the BOR
Biennium Budget Preparation

- Budget plan should include tuition funds
- Increased tuition revenues are projected to be:

<tr>
<td>KapCC</td>

- Budget plan should focus on reallocation
- Outcomes, outcomes, outcomes
