

KAPI‘OLANI COMMUNITY COLLEGE EARLY SURVEY – SPRING 2011

This survey is being conducted by KapCC in order to learn more about how students learn and what they learn. It is anonymous. We only want to know about students in general, not about your personal responses.

We want to match up your responses with another survey later this year, so we would appreciate it if you would provide your father’s middle name. That way, you can provide your father’s middle name again on the second survey and we will be able to match up the surveys and you can remain anonymous.

If you would rather not participate, or if you start and decide that you don’t want to finish, that is fine. Please just sit quietly until everyone has finished the survey.

If you would like more information about this project, you are welcome to contact Professor Tanya Renner (renner@hawaii.edu), or the Committee on Human Studies (1960 East-West Road, Biomedical Building, Room B-104, Honolulu, HI 96822, Phone: 808.956.5007, Email: uhirb@hawaii.edu).
